

Master Gardener Association of Cape Cod

....A community of volunteers helping others learn to grow

Children's Garden Application

The Master Gardener Association of Cape Cod operates a seasonal Children's Garden at the Brewster Community Garden. The Children's Garden offers children the opportunity to learn about gardening from Master Gardeners, in a hands-on way. The garden accepts children that are 8-12 years old.

The program has been re-designed to follow the current recommendations provided by the CDC, the State of MA, and Barnstable County. This year the group will be split in half so half the children along with their mentor will be tending to their garden on either a Tuesday or a Thursday based on their assigned day. The program times remain the same at 3:30 to 5:00 and will begin on June 1st and run thru August.

Please fill out the following information if you would like to have your child participate in the program. Applications are due by April 30. Space is limited. All applicants will be notified prior to start of the program.

Completed forms can be mailed to: Children's Garden, Cape Cod Cooperative Extension, P.O. Box 367, Barnstable, MA 02630 or emailed to: cstpierre@barnstablecounty.org.
